## In the Legislature

Following five days of debate, in which most of the members of the house spoke, the resolution respecting the wheat board, presented by the government benches as an amendment to that submitted by R. C. Marshall, of the opposition, was passed with a vote of 48 to 9. Mr. Marshall's resolution had called on the government for an explanation as to why the wheat board legislation had not been put into effect. The government amendment urged the continuance of negotiations with other provinces which had been in progress and also every effort to ward a wheat board for the coming season.

Following the closing of this debate a debate opened on Mr. W. C. Smith's resolution calling for an enquiry into the grain trade. Before proceeding with his address Mr. Smith laid before the house affidavits charging certain grain firms with violations of the Canada Grain Act. The debate proceeded on Friday.

Among the acts making progress through the house is that introduced by Hon. Mr. Brownlee providing for the widening of the powers of the public utilities commission, by giving it the authority of a local governing board in many respects. The board is given complete jurisdiction

over public utilities, save those operated by municipalities, which may be by-law brought under the board.

There is also an act introduced by Mr. Headley amending the domestic animals act, to provide for certain grazing privileges for sheep rangers within closed areas. Another act introduced by Mr. Headley supplies means dominion legislation respecting livestock yards and their regulation by making good the lack of certain jurisdiction in the dominion regulations. This act does not impose any further duties or expense of administration on the provincial government.

The amendments to the game act provide among other things for the wearing of some distinguishing suit of white by hunters of big game. This is meant to minimize the danger of shooting accidents.

Amendments to the mental defectives act make further provision for the care and treatment of mental defectives in the province.

On Tuesday last Mr. Milnes was answered questions relating to the motion picture censor's bureau, which showed that there had been a slight decrease in salaries and staff in 1922, from 1921.

On the same day Mr. W. M. Davidson was answered questions from

## In Tur-r-rns AND SOME OUTS

Oh! He's tossed the broom a mile.

It must have been some big risk. The rock was still on the ice.

But say, have you ever heard how a real game of curling should be played?

We've just found out where you can learn the whole thing perfectly.

Hard! Hard! All the way.

You don't have to throw a rock either.

Now give me the In Tur-r-rns. The In Tur-r-rns.

All you need is initiation into the Hot Stone League and you have the game in a nutshell.

Oh well! He won the game on a fluke anyway.

The Pars Word? I don't know, ask Wes.

And talking about curling, how's this.

They sat in the big chair. Silence reigned. She sighed—softly, serenely, sweetly. Then recklessly, she smiled that silence to smithereens. "What are you thinking about?" she demanded.

"The same thing that you are," he replied.

"Don't get fresh with me or I'll smother you!" came the retort.

Wonder what he WAS thinking about anyway.

But seriously.

Friday night two picked local cinks went to Red Deer as challengers of the Mitchell Cup. After a hard fought battle in which the Junior rink as usual came to the front with a big score, although the Senior rink lost rather badly, they came out ahead on total points and swept off the prize.

On the green rink T. Johnson, E. Freeman, D. Sheppard, E. E. Freeman skip, won out by 23-7 against Skene, of Red Deer. The veteran rink of J. McInnes, D. Sinclair, G. Harrison, J. M. Reed skip, lost to Pierce, 21-8. Total score, Didsbury 31, Red Deer 28. The Cup is at present in Freeman and Austin's office window.

Crossfield are the next challengers and will play here on Thursday night. We hope the Didsbury men will hold this Cup a while as it has been tried for so often.

Red Deer, Alta., Feb. 16, 1923.

The Editor,  
Dear Sir—I would be obliged if you would kindly insert the following in your paper.

### CURLING DUTY

Four skips they went a-curling,  
Upon a winter's night,  
They thought they'd win a silver cup,  
They didn't, by a darned sight.

Four green men went a-curling,  
Upon the self-same night,  
They also meant to win the prize—  
They did. New do you bite?

Bylander

Mr. Edgar and Mr. Milligan of Innisfail brought down their two well known rinks of the Little Red Saturday night on the invitation of some of the Didsbury curlers. They were accorded a very hearty reception and four very interesting games were played in which the visiting teams won two and lost two. Edgar played Ryan at 7 p. m. on the south ice and lost 6-15 while Milligan played Clarke at the same time on the

north ice and after a close game won 11-7. On the 9 o'clock draw, Edgar against Thompson, Thompson won 1-8, Milligan against Brusso, after a tied game on the 9th end, counted 1 in the last and won 9-8.

After the games the six rinks adjourned to the Roseland Cafe where tables were set to accommodate the players and a most royal luncheon was served. Skimp speeches were given by Vice President Mr. Campbell, of the Didsbury Curling Club, Mr. Milligan, President of the Little Red Deer Club and all the playing skips excepting Tommy who said that the best way he could speak would be to take a Scotch rink up there and play them again. A very hearty invitation was extended the Didsbury Club to return the games.

And a ladies rift went to the Calgary Bonspiel on Wednesday. More of that next week however.

## Municipal Pounds

The Editor,

Dear Sir—We have a Soldier Soldier in this neighborhood who belongs to the Elacortie Corps but who is responsible the Pioneers of old, "tossed all the year and made nothing." Not an unusual thing by any means these times. To enable him to give things another shift he is and has been working in Calgary to get the whereabouts of his inevitable absence a neighborly impulse has been and he sent him a bunch of dollars to get them out. As for the legality or otherwise, of this there seems to be different opinions. But that such a thing can be so ponderous horses and the money caused them to stray unless doing real damage seems unreasonable. In the winter and at a time when most people if they spend a dollar do not quite know where the next is coming from. There are many who think that the pound law exists. In the case of real damage should be made imperative in the winter time.

Yours truly,

H. F. Willoughby, Greenhill.  
R. R. 1 Didsbury.

## PRICE OF GASOLINE

If there is any profiteering in the price charged for gasoline in Alberta, it is not within the boundaries of the province, according to an interim report on an investigation into this matter, presented last week to the legislature by Premier Greenfield. The difference between the price of gasoline in the States and Eastern Canada and the price in Alberta is chiefly due to freight and duty. The report shows that gasoline which costs 21 cents in Great Falls, costs 41 cents in Alberta, 18 cents of the difference being freight, 21 cents customs and 11 cents accounted for by the difference between the American and Canadian gallon. The report also mentions the fact that although the price of gasoline has increased the stocks of gasoline in the States and elsewhere have also been on the increase.

## A MATTER OF DIET

A negro employed at one of the movie studios in Los Angeles, was invited by a director to do a novel comedy scene with a lion.

"You get into this bed," ordered the director, "and we'll bring the lion in and put it in bed with you. It will be a scream."

"Put a lion in bed with me?" retorted the negro. "No, ah! Not a tall 'tude, right here and now."

"But," protested the director, "this lion won't hurt you. This lion was brought up on milk."

"So was I brought up on milk," retorted the negro, "but I cost more now."

## AROUND THE TOWN

We apologize for all mistakes made in former issues and say they were inevitable, as all an editor has to do is to hunt news and clean the rollers and set type, sweep the floor and pen short items, women's meetings etc., and fold papers, and write wrappers, and make the paste, and mail the papers, and talk to visitors, and distribute type, and carry water and saw wood and read the proofs, hunt the shears to write ed., (torture), and dodge the lions, and dun delinquents, and take cussings from the whole force, and tell our subscribers that we must have money, we say that we're no business to make mistakes while attending to these little matters, and getting our living on hopper-tail soup flavored with imagination, and wearing old shoes and no collar and a patch on our pants, and obliged to turn a smiling countenance to the man who tells us our paper isn't worth a dol., anyway, and that he could make a letter one with his eyes shut.

A whist drive and dance will be held under the auspices of the Order of the Eastern Star, on Friday, Feb. 23rd at 8 p. m. sharp, in the I. O. O. F. Hall, Didsbury. Lunch will be served after whist drive; dancing to follow immediately. Tickets 75c. Everybody welcome.

After a period of inactivity the Open House will again be running early in March. The management wish to announce that there will be moving pictures shown on the 2nd and 3rd. Advertising will be cut to a minimum.

Miss B. Beveridge spent the week end at her home in Calgary.

Mr. W. Grant was a visitor at his home in Lacombe last week end.

Mr. M. Weber was a visitor at Carstairs last week.

Mr. Yates spent the week end at Calgary.

Miss Hilda Morrison, who has been at home with an attack of tonsillitis, has again resumed her studies at Normal School.

The following Normalities were home for the week end, Misses Ethel Clinch, Vera and Margaret Semathitis, Stan Johnson, Grace Breckacher, Lois Wood and Mr. Aylmer Mesinger.

A young lady of Didsbury went into a certain store in town the other day and blushing asked the clerk if he had any of those elastic bands capable of being elongated and adjusted at pleasure, and used by the feminine portion of mankind for putting around the lower extremities of their locomotives means to keep in the proper position and the required attitude hallments of their thighs. The clerk is now on a sheep ranch.

## Cash and Credit

A person without money or property usually has little credit, even if his integrity is well known.

Credit is based on capital, and capital is the result of saving. Credit is not a gift; it is a growth. It comes through earnest effort long continued. Some day you will need it.

We have made arrangements with the P. H. Bank Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experience on the operation of all kinds of farm machinery from a washing machine to a tractor. Its editorial staff consists of men thoroughly familiar with every branch of farming both from the practical and theoretical standpoint. Every month the magazine publishes experiences and in its columns. Most of these are short cut feelings that are real today means to farmers.

This offer may be withdrawn at any time. Without doubt your interest in it is now for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to the CANADIAN POWER FARMER for the same price as this weekly alone. This is where you get the \$1.50.

Mail your cheque or drop into our office the first time you are in town.

## **A SMALL THING BUT MUCH TALKED OF**

In the centre of this group is the famous Citadel gun captured by the British at Bunker Hill in 1775. Bunker Hill is just outside Boston, and the engagement in which the gun was captured began the War of Independence. Bostonians have displayed much interest in the little trophy, so much so that they have proposed that the gun be returned to them as an evidence of Canada's friendly feeling for the United States. For many years the gun has stood on the parade ground in the Citadel of Quebec. As the above photo shows it is not very big, and its death-dealing efficiency was probably not high, although it most likely made a fair amount of noise. American visitors to the ancient city are always keenly interested in it. In the above photo is seen a group of Knights Templar and their ladies from Bandon, part of a large party who enjoyed the excellent winter

sporting facilities of Quebec during the latter part of January, just at the time that the proposal was made that the gun be returned to its original owners. Beyond the Citadel is seen the top of the new tower of the Chateau Frontenac which has been added as a new crown to that splendid example of French Chateau architecture, and to provide three hundred rooms to accommodate the growing number of visitors to Canada's most historic city. Every year sees Quebec growing more and more popular for both winter sport lovers and summer sight-seers who find there a vast fund of interest in the city's rich store of historic places and buildings. The other illustration is of the famous Chateau as it now appears with its new tower.
